## Report of Discipline Committee for the academic year 2020-21

The college has committees for redressal of students' grievances such as Student Discipline Committee. The committee regularly functions and aims at maintaining the cordial and grievance free campus. However, the academic year 2020-21 was entirely executed on digital platform, no complaints were lodged. There were some problems that students faced that were addressed by the concerned teachers online. The problems were: the network problem to those students residing in remote areas, unavailability of learning materials such as text books and notes and the problems regarding online examination process and appearance for them. These issues were discussed online with the concerned teachers and were redressed accordingly. Therefore the college does not have any officially registered and recorded events of students' grievances.
