Department of Physical Education & Sports

Physical Education & Sports :-

“Early childhood education often focuses on learning through play. Even child basic learning’s starts through movement and continues whole life. At college level, Physical Education is most important part of curriculum. With the help of sports students can easily achieve life time skills of handling emotions likes winning, losing, angers, aggressiveness, co-operate with team members etc. Physical Education helps to aware students about importance of fitness & wellness in their career & every step of life.”

About Department: -

Department established with college in 1971. This department has great tradition in Sports. 11 players of this College honored with ShivChatrapati Sports Award by Maharashtra Government.

Vision

To give all students opportunities and experiences that leads to the achievement of total wellness and result in a longer and healthier life.

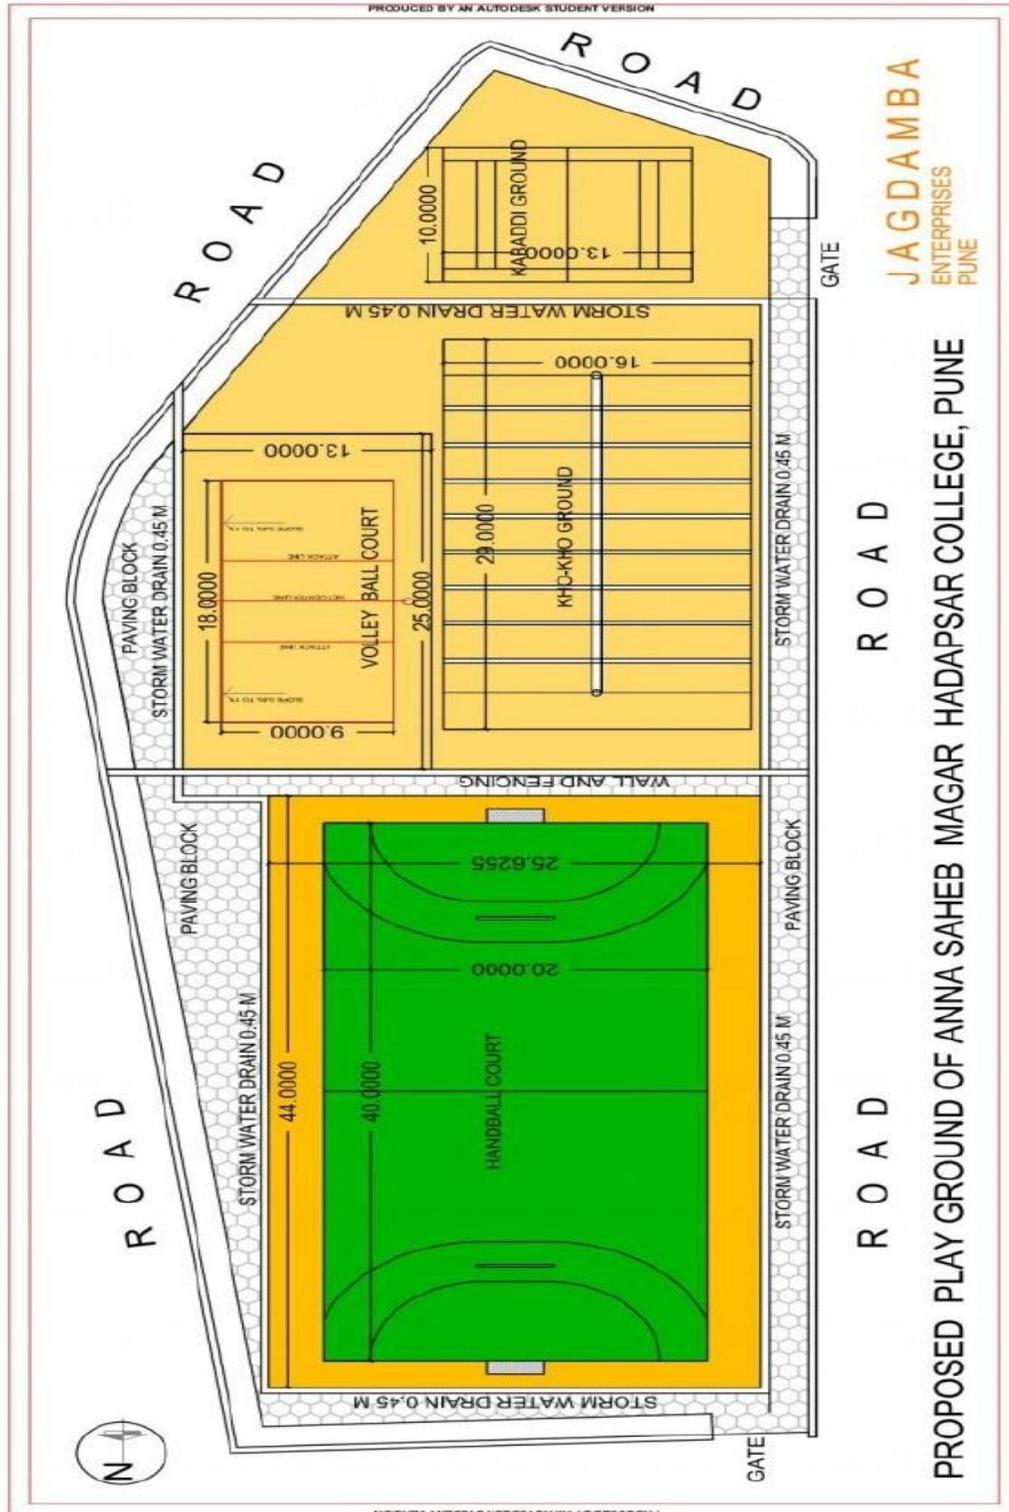

Objectives

To provide all Facilities and well infrastructure for students to help them developing their physical ability & skills.

To Organizes games & activities to explore their talent in sport.

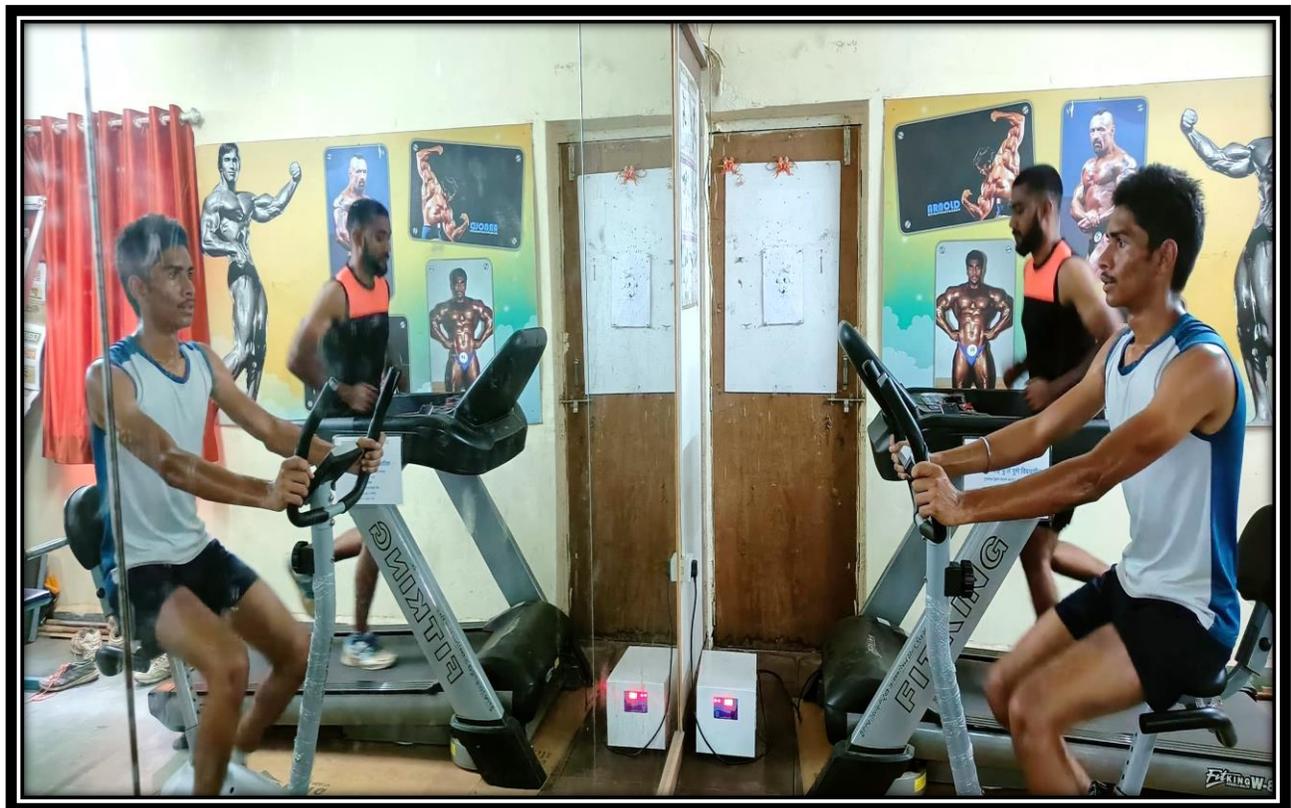

Synthetic Court & Clay Ground Map
