About Pune District Education Association (PDEA):

The Trust was established in 1941, much before Independence by Late Shri Baburaji Gholep with philosophy of eradicating illiteracy in rural areas of Pune district thereby bringing about social upliftment of masses. The mission of the trust is “Bahujan Hitay Bahujan Sukhaye” and this is being accomplished by the trust through providing quality education. The effort of the trust have been recognized by the government and society and it was awarded the “Best Educational Institution” by Maharashtra in the year 2000. The trust is spearheaded by Hon. Deputy CM Mr. Ajit Pawar who through his dynamic abilities and vision has brought a facelift in the infrastructure facilities of the school and colleges of the trust.

About the College:

The College was established in the year 1971 at Hadapsar in the rural part of Pune District. The college efforts are converged towards the edification of the students, faculty and staff in particular and society at large. The college has the state of Art infrastructure and resources. The college was awarded with “B” grade by National Assessment and Accreditation Council (NAAC), Bangalore in the year 2018. The college is recipient of the “Best College Award” by Savitribai Phule Pune University in the year 2014.

About the Seminar:

Any society, as it evolves in history, faces and solves a gamut of variegated challenges and problems. However, one shouldn't be sure that it always enhances its wisdom in a progressive direction. History has enough instances where we may see that it recedes into irrationality. Therefore, self introspection by society as a collective consciousness is a deep concern for its wisdom to survive, and in that, the intellectuals- researchers and academicians have a moral duty to keep a check on the socio-political journey of their society. In this light, here is an invitation to you to come and join this seminar that explores and problematizes challenges that our society faces in its social, political, economic, and cultural

domains. To have a holistic assessment of our travel in history towards future, we must look at the contemporary issues from all possible perspectives, and therefore, we have adopted multidisciplinary in methods for this National Seminar. Through that, we seek to analyse a range of contemporary issues that are coming out either as an established problem or a social concern for India's liberal democratic society. From theoretical and practical hurdles in affirmative policies, to a larger socio-political analysis of oppressions based on intersectionality of caste, class, gender, religion and culture. From revisiting institutional ethics to articulating potential withering of democratic ethos. From suspecting a rise in authoritarian tendencies to debunking myths and charting facts around the health of our economy. From assessing socio-psychological impacts of newly formulated laws and acts to discussing their real time implications in future.

We invite you to contribute to this ever enlarging discussion and have other researchers and academicians to engage in a task that is quint essential for our times.

The seminar seeks papers around the following sub-themes:

1. Reservation Policy and its Impact
2. New Mob culture and Lynching's
3. Crises of Independent Agencies (RBI, ECI, CAG, CBI, etc.)
4. Health of Indian economy
5. Debates on CAA & NRC
6. Kashmir issue and Article 370
7. Question of Gender in a globalizing world
8. Environmental implications of globalization
9. Mass media's trustworthiness and accountability

Report On

Seminar “Network Security”

Date:- 02/02/2020

The department has organized one day seminar on 1st February 2020 at 10.00 am. To 4.00pm at seminar hall. Total number of students present for that seminar was 94. Nowadays many people are interacting with the world of internet and the sense of security is enhancing day by day. So, everyone needs to know about the basics of network security so that each and everyone can protect their network. The network security has the features like not allowing the unauthorized access, protecting your vital data and guarantees the interruption less service. Network security is defined as an activity designed to secure the usability and integrity of the network and information. Mr. Prashant Mahadev Sinalkar, Head, Department of Computer Science, Government Vidarbha Institute Science and Humanities, Amravati delivered a lecture on network security in this seminar.

Prof. Rasila Walhekar hosted the entire program, Principal Dr. P.N. Shelke and Vice-Principal Dr. P.P. Mulay also guided to all in this event. Vote of thanks is given by Head of the department Prof. Mane A.C., Prof. Gite J.V. and Prof. Khedekar S.S. also coordinates this event.

Workshop

“Software Development and Project Management”

Date:- 01/03/2019

The department has organized two days workshop on “Software Development and Project Management” on 28th and 29th February 2020. The project development and management is the core part to stand in the IT industry. The department has organized the workshop so that the students should get the deep knowledge of this from the industry expert.

On the first day (28/02/2019), one of the brilliant faculties of the Indira College Dr. Ashwini Shende guided the students on software development and project management with the various examples. Total 100 Students participated in this event with curiosity.

The second day (29/02/2019) started with genius personality Miss. Megha Ugalmugle, Associate Vice President, Barclays Pvt. Ltd. She delivered the lecture on “Python programming” language the new demand of the industry for software project development. She also told the students the demands of the industry and guided the students how to prepare for it. Total 75 students attended this session.

The Principal Dr. P.N. Shelke and Vice-principal Dr. P.P. Mulay addressed the students. The vote of thanks given by the Head of the department Prof. Asha Mane, the event is coordinated by Prof. R.S. Walhekar R.S., Prof. Gite J.V., and Prof. Khedekar S.S.

State level conference on **Spectroscopy: A tool of analysis**

Department of Physics and Chemistry organized one day state level conference on Spectroscopy: A tool of analysis on 31/01/2020. Dr. Vidya Avasare, Dr. Vijay Kasture and Dr. Shailendra Dahiwale delivered lecture on Two Dimensional spectroscopy, ^1H NMR spectroscopy and Raman spectroscopy respectively. The 118 participant were involved in interactive sessions. The conference was coordinated by Dr. Bhujbal N.N. under the guidance of Principal Dr. Shelke Pandit, Vice-Principal Dr. Bendre Bhausaheb and Vice Principal Prashant Muley. The conference was self funded.

About Pune District Education Association (PDEA)

The Trust was established in 1941, much before Independence by Late Shri Baburaoji Gholap with the philosophy of eradicating illiteracy in rural areas of Pune district thereby bringing about social upliftment of the masses. The mission of the trust is “Bahujan Hitay Bahujan Sukhay” and this is being accomplished by the trust through providing quality education. The efforts of the trust have been recognized by the government and society and it was awarded the “Best Educational Institution” by Maharashtra in the year 2000. The trust is spearheaded by Hon. Deputy CM Mr. Ajit Pawar who through his dynamic abilities and vision has brought a facelift in the infrastructure facilities of the schools and colleges of the trust.

About the College

The College was established in the year 1971 at Hadapsar in the rural part of Pune District. The college efforts are converged towards the edification of the students, faculty and staff in particular and society at large. The college has the state of Art infrastructure and learning resources. The College was awarded with “B” grade by National Assessment and Accreditation Council (NAAC), Bangalore in the year 2018. The college is recipient of the “Best College Award” by Savitribai Phule Pune University in the year 2014.

About the Seminar

Spectroscopy Study offers investigation of structure and stereochemistry of materials for physicist and chemists. The study of the Advancement of spectroscopic techniques thus becomes essential in all the branches of science. Advent of Physical sciences and its applied disciplines in this direction plays a vital role in research and development. The seminar offers multidisciplinary forum for Physical sciences to a most challenging issue of structure determination in current scenario. We have academicians to share their finding, technological advancements and new ideas in order to achieve better structure determination in Physical science.

Registration Details

Kindly confirm participation by email at plasma.amm@gmail.com before 25th January 2020 with your details.

Publication:

The papers presented as posters can be submitted directly to the journal, “Science and Technology Journal (ISSN: 2321 – 3388).” It publishes research articles free of cost in black and white. It is included in UGC-CARE list.

E-Poster:

As this seminar is being dedicated for green environment sustainability, only E posters are accepted and please submit on plasma.amm@gmail.com on or before 29th January, 2020.

Registration fees:

Category	Fees
Students	Rs. 150/-
Teachers, Academicians and others	Rs. 300/-

The registration fees include seminar kit, breakfast, tea and lunch.

ONE DAY STATE LEVEL SEMINAR on
“TRENDS IN LIFE SCIENCES 2020”
Friday, 31st January 2020

About Pune District Education Association (PDEA) :
The Trust was established in 1941, much before Independence by Late Shri Baburaoji Gholap with the philosophy of eradicating illiteracy in rural areas of Pune district thereby bringing about social upliftment of the masses. The mission of the trust is “Bahujan Hitay Bahujan Sukhay” and this is being accomplished by the trust through providing quality education. The efforts of the trust have been recognized by the government and society and it was awarded the “Best Educational Institution” by Maharashtra in the year 2000. The trust is spearheaded by Hon. Deputy CM Mr. Ajit Pawar who through his dynamic abilities and vision has brought a facelift in the infrastructure facilities of the schools and colleges of the trust.

About the College :
The College was established in the year 1971 at Hadapsar in the rural part of Pune District. The college efforts are converged towards the edification of the students, faculty and staff in particular and society at large. The college has the state of Art infrastructure and learning resources. The College was awarded with “B” grade by National Assessment and Accreditation Council (NAAC), Bangalore in the year 2018. The college is recipient of the “Best College Award” by Savitribai Phule Pune University in the year 2014.

About the Seminar :
Life science offers an integrated approach to deal with all branches of biology including health care, agriculture and environment through knowledge generation, innovation and advancement of technologies. Advent of life sciences and its applied discipline biotechnology in this direction plays a vital role in research and development aligned with diverse branches of sciences. The seminar offers multidisciplinary forum for life sciences to raise the most challenging issues in current scenario and discuss reduction strategies among scientific community, academicians to share their research finding, technological advancements and new ideas in order to achieve sustainability in diverse facets of life science.

About the College

The College was established in the year 1971 at Badgaon in the rural part of Pune District. The college efforts are converging towards the education of the students, faculty and staff in particular and society at large. The college has the state of Art infrastructure and the learning resources. The college was awarded with “B” grade by National Assessment and Accreditation Council (NAAC), Bangalore in the year 2018. The college is recipient of the “Best College Award” by Savitribai Phule Pune University in the year 2014.

About the Department

Department of computer Science is one of the pioneer in SPPU which runs B.Sc.(C.S.) since 1989 and M.Sc.(C.S.) since 1998. Department has well equipped spacious laboratories with internet facility. It has experienced qualified and dedicated faculties to cater the needs of students. The Department aims to provide the latest knowledge to the students and make them technically skilled.

Pune District Education Association

About Pune District Education Association (PDEA)
The Trust was established in 1941, much before Independence by Late Shri Baburaoji Gholap with the philosophy of eradicating illiteracy in rural areas of Pune district thereby bringing about social upliftment of the masses. The mission of the trust is “Bahujan Hitay Bahujan Sukhay” and this is being accomplished by the trust through providing quality education. The efforts of the trust have been recognized by the government and society and it was awarded the “Best Educational Institution” by Maharashtra in the year 2000. The trust is spearheaded by Hon. Deputy CM Mr. Ajit Pawar who through his dynamic abilities and vision has brought a facelift in the infrastructure facilities of the schools and colleges of the trust.

About the Workshop

Data Science is based on the essence of deriving valuable insights from data. As an interdisciplinary area, Data Science draws scientific inquiry from a broad range of subjects and allied areas such as statistics, mathematics, computer science, machine learning, optimization, signal processing, information retrieval, databases, cloud computing, computer vision, natural language processing etc. Data Science and data analytics is an enviable career option for budding technology professionals. Understanding its growing importance in today's scenario, this workshop aims to provide a platform to learn the applications, which form a part of data science, from renowned Academicians & Industry Experts.

Two days state level workshop
on
Data Science and Data Analytics

Computer science department in association with Savitribai Phule Pune University organised a two days state level workshop on “Data Science and Data Analytics” under the Guidance Prin. Dr P. Shelke, Vice Principal Dr Mulay P. P. and H.O.D. (Computer Science) Prof. Jagdale Manisha

The Chief guest for the occasion was Dr. Pandit Vidyasagar, Ex Vice-chancellor of Swami Ramanand Tirth Marathwada University. Mr. Sanjay Ghadge, Vice President of Pune District Education Association was also present on this occasion.

Dr. Pandit Vidyasagar congratulated the college for organizing a workshop on such a topic like “Data Science and Data Analytics” as it is highly in demand by software industry. He said that this subject is not only related with computer science but it is interdisciplinary and contribution of expertise in respective stream will be of much importance. Today’s education is more student centric and we should emphasize more on learning than teaching.

Mr.Rajendra Ghadge in his presidential speech spoke about the pros and cons of ‘Data Science and data Analytics’. He said due to the information gathered, common people are losing their privacy so it should be restricted. The workshop was attended by ___ teachers and students from various colleges.

On the first day of workshop Dr. Jyoti Yadav conducted session on ‘Demystifying Data Science’. It was followed by the session of Dr. Manisha Patil on ‘Cloud computing and Machine Learning’. After that Head of the department of ‘Science and Technology, Pune university’ Dr Adity Abhyankar delivered lecture on “Use of data science in medical field”.

Next day of workshop started with technical session on ‘Anomaly detection’ by Dr. Shailja Shirwaikar. After that Mrs Abha Barve conducted workshop on ‘Natural Language Processing’. At the end Dr. Parikshit Mahile delivered lecture on ‘Machine learning Myths and Realities’.

In the concluding session Principal Dr. Pandit Shelke delivered introductory speech. Dr Prashant Mulay presented the review of workshop and Dr. Nimbalkar A. B. delivered a thanks giving speech.

Anchoring was done by Prof Neeta Lokhande and Poonam Ghule and other teachers of the Computer Science Department. The workshop was successful with the contibution and help of the teachers students and staff of BCS.

Report

A Certificate Course on “PCB Designing” was organized for the students of FY/ SYBSc(CS) in Electronics Lab for 02/12/2019 to 06/12/2019 (6 days) between 12.00 pm to 4.00pm.

Following topics were covered in this course-

- (1) **Module 1: PCB Design Process An Overview**
- (2) **Module 2: PCB Design Process**
- (3) **Module 3: Application Oriented Design and Fabrication**

Total 60 students who were interested had participated for this course. This course was organized to make students aware about the PCB designing. The Printed Circuit Board (PCB) is very important in all electronic gadgets, which are used either for domestic use, or for industrial purpose. PCB design services are used to design the electronic circuits. Apart from electrically connecting, it also gives mechanical support to the electrical components. PCBs are the core component in almost all the electronic gadgets including the cell phones and the computers and laptops. With the increase in demand, the number of PCB services is on the rise. An effective PCB design can help in reducing the possibilities of errors and the chances of short circuit. This helped the student understand about what PCB designing is and a creative PCB designer has great chances to explore this field and also to make a carrier or open Start-Up Company in the same.
