**Waste water recycling:** The Annasaheb Magar College campus uses the harvested water for gardening purpose in college and Nursery viz Arts, science and commerce Building. Water harvested from roof top surface runoff is very much sufficient in gardening purpose for entire college campus.

**Maintenance of Water tank and Distribution System in the Campus:** Drinking water is stored in the tanks. Water purifiers are placed in the campus for drinking water. The regular maintenance of the tanks, pipes, taps and purifier takes place. Potability of drinking water is regularly checked by microbiology department.
