Section IX: Best Practices:

1. In Curriculum	There is Feedback Management system to avail the feedback on all aspects of a curriculum. It is a stakeholders-based feedback system. It has served as the one of the implementations to facilitate the teaching-learning and evaluation. The college has framed the Feedback Management committee as per the guidelines of Internal Quality Assurance cell for the effective performance as to achieve positive transformations by abiding the rules and regulations of an institution. This committee offers the healthy platform to learners, teachers, alumni and experts to give their feedback on different aspects of an institution. The suggestions on curriculum are forwarded to the respective Board of Chairman (Academics) of SPPU. The teachers also participate in Syllabus restructuring workshops and faculty Development programmes.
2.Academics	The institute has excellent academics and an effective teaching learning process. In order to accommodate changing demands of a modern academic era and to promote an effective teaching-learning process, the institute has always focused on creating and upgrading infrastructure. During the semester, an academic calendar is prepared, which includes curricular, co-curricular, and extracurricular activities. The teaching plan is prepared by each faculty member at the beginning of every academic year. As part of the teaching-learning process, learners are identified as slow, medium and advanced. Accordingly, remedial programmes are arranged. The faculty uses a variety of active learning techniques in order to enhance the teaching-learning process including, e-learning tutorials, tests, and group discussions, etc. The LMS system is being implemented to achieve a value added teaching learning platform. In order to inculcate concerted learning, the learners are encouraged to participate in projects and group presentations which can further be associated with Avishkar and other competitions. In addition to this, industrial training/visits are also arranged. The institute promotes advanced learning of knowledge and skills among the learners, especially postgraduate students

	through expert lectures, National/International conferences or workshops. Mentor-mentee scheme is used to ensure the quality performance of the learners in academics.
3. Extension	The Institute organized, following student outreach activities, throughout the year with NSS, NCC, Student Welfare and other departments, to raise awareness of social issues and their overall development. Students participated in 'Swachh Bharat Abhiyan' to maintain cleanliness and promote hygienic environment in society. Blood Donation camps were organized to inculcate helping nature in the students. Awareness programs are organized for the prevention of AIDS, Corona and infectious diseases. A lecture on the topic of health-conscious hygiene (Swachh Wrap & Red Dot) organized for female students. To understand the need for nature conservation, the Institute organized tree planting and caring for planted trees. Second year UG program students adopt plants and nurture them in college premises. Street play was performed in the nearby community to educate society about the burning social issues such as vaccination against corona infection. Road safety week in association with traffic police is conducted to educate riders about the consequences of rash driving and not wearing a helmet. Youth day is celebrated every year to channelize the enormous youthful energy in good activities. Kargil Vijay Day, Flag Day, Army Day activities inculcates patriotism in students.
4. Student progression	The students are guided with regards to career objective via conducting career guidance training. As the college is located in semi urban area so the majority of the learners are from rural background and are privileged students. They are guided for different capacity enhancement programs like soft skill developments and competitive exam preparation. These examinations are SET, NET, GATE, PG entrance, PET and others. They are also given a career counseling session. The spear headed aim of student progression is achieved by "Career Katta" to create awareness and encouragement among the learners to go for competitive exams. This center enrolls dedicated and devoted learners and organizes the expert lectures to give insight about competitive examinations as per the yearly plan. In addition, placement cell of the college is very active which trains and offers information about different internships and employment to the learners by organizing placement fairs.
5. Management practices	The institution has a visionary management to inspire academic process in a systematic manner. The management promotes and coordinates a variety of activities with the faculty and learners through various cells. Also provides financial assistance to the needy learners or faculty in terms of fees installment, scholarship, or any other assistance policies. The management

	offers a variety of facilities to assist learners in extra-curricular activities, including sports and cultural as well as community service through NSS and NCC. Management of the college conducts periodical meetings (CDC) to provide support and strengthen teaching learning by making infrastructural facilities available to them. The meetings of the management determine the policies and measures that will assist college students to improve their academic achievements.
6. Environment	The college has initiated green practices in the college campus to minimize the dangers of environmental troubles. Green practices have been organized as per the activity calendar of IQAC in which different departments and expansion cells undertake environment activities that result in the protection of the environment and builds environmental consciousness among stakeholders. NSS and NCC cells of the college prepare activity calendars targeting challenges of the environment. The college organizes the environment promotional activities in the campus as well as outside the campus. The priority of the college i s to inject positive approaches regarding the environment among every constituent of college. The institute has initiated the drive "Plastic free campus" and staff and students collect the plastic waste from their homes and neighborhood. On every 22nd of the month, they collect in the container at the college which is handed over to the recycling NGO.

7. Distinctive practices	**The institute has two distinctive practices**.
	
	      1. Cyber awareness and Literacy cell.
	      2.Village Survey
	
	 1. Cyber awareness and Literacy cell:
	 The institute has taken an initiative in collaboration with Quick Heal Foundation (QHF) and established CALC (Cyber Awareness and Literacy Cell) to protect devices and data from attack, damage and unauthorized access along with the other objectives mentioned above. The selected volunteers of CALC are trained by the QHF and provided the appropriate tool kit to deliver lectures to the students from the nearby schools and junior colleges. Two well trained volunteers are appointed to identify and communicate with the school or college authority for this purpose. If required CALC provides necessary IT infrastructure. Volunteers are paid remuneration for every session by QHF.
	
	 2.Village Survey:
	 The area and village are identified. The study team is composed of staff members, volunteers, and students from different faculties such as geography, languages, commerce, botany, zoology, microbiology, and

	chemistry. The survey is designed to understand the population's needs regarding food, water, health, education, and livelihood. and to study the demographic characteristics, livelihood, and social capital profile of the village. The survey questionnaire is prepared both qualitative and quantitative in order to establish baseline data. The questionnaire is based on the following themes to get a comprehensive profile of the village surveyed. 1) General household information 2) GPS survey.3) Education 4) Agriculture 5) Health care 6) Migration 7) Water for drinking and irrigation.8) Skills.9) Cultural life 10) Food habits 11) forest dependency 12) People organization 13) Existing government schemes.14) Type of housing15) Sanitation conditions 16) Financial institution bank 17) NGOs Work 18) Livestock, milk production19) Zoological survey of domestic animals, birds, reptiles, arthropods, aquatic fauna, etc. 20) Botanical survey. 21) Microbiological analysis of environmental samples, determination of diversity index.22) Chemical analysis of soil and water samples.23) Political study in the village 24) Linguistic survey in the village.

Recommendations:

Based on the context, here are some recommendations for academic and administrative audit:

- The institute should continue to promote environmental awareness and activities.
- The institute should expand its cyber awareness and literacy cell to reach more students.
- The institute should conduct more village surveys to understand the needs of the community.
- The institute should develop a plan to address the observations from the audit report.
- The perspective and strategic plans are required to be prepared and implemented.
- Student centric teaching learning is needed to be implemented more efficiently.
- Institute should introduce more certificate courses for Arts and Commerce faculty.
- To initiate research awareness by providing facilities and incentives for the Teachers, research policy is needed for effective development of research culture in the institute.
- Recommended to provide a spacious place for reading rooms along with a digital library.

The Calculation of Score and the Grades:

The First six points in Part-A, are not to be considered for assessment. Points 7 to 16 should be considered for assessment. Part B is divided into part I (Faculty details with the inclusion of 8 points) and part II (Student details with the inclusion of 8 points). Points (Part I points 2 to 8 and whole part II) should be considered. The score should be calculated with the help of the following procedure:

Each considered points can be given marks on the five point scale such as 4-3-2-1-0. The team members should use separate sheets. The following can be the combination of score and the grade:

Sr. No.	Marks	Grade
1	80 to 100	O
2	75 to 79	A+
3	70 to 74	A
4	65 to 69	B+
5	60 to 64	B
6	50 to 59	C
7	Below 49	D
