## PROFILE SUMMARY

**Highly motivated** and skilled **web developer** with a passion for leveraging web development applications in daily life. Proficient in **HTML, CSS, Java, and Node.js**, and dedicated to continuous learning and personal growth. Possess a strong willingness to learn and adapt, with a proven track record of being a **collaborative team player**. **Self-motivated** and constantly seeking opportunities to enhance technical expertise while remaining a lifelong student of life.

## EDUCATIONAL QUALIFICATIONS

- M.Sc. Computer Science**  
*Haribhai V. Desai College of Commerce, Arts and Science*  
**July 2021 – June-2023** **Percentage: 70.95**
- B.Sc. Computer Science**  
*Haribhai V. Desai College of Commerce, Arts and Science*  
**June 2018 – May 2021** **Percentage: 69.26**
- 12<sup>th</sup>, HSC**  
*Akutai Kalyani Girls Junior College*  
**2016-2018** **Percentage: 50.46**
- 10<sup>th</sup>, SSC**  
*Sane Guruji High School, Hadapsar*  
**2016** **Percentage: 72.40**

## EXPERIENCE

- Node.js Developer Intern**  
*Scriptika Solutions Pvt Ltd* **Feb 2023 – May 2023**
- As a **Node.js** Developer Intern at a reputable firm, I honed my skills in **web** development using a diverse set of technologies, including **HTML, CSS, and JavaScript**.
  - I actively contributed to building dynamic and responsive web applications while integrating **SQL** databases for efficient data management.
  - Throughout my internship, I demonstrated a strong ability to collaborate with the development **team**, tackle challenges with creative **problem-solving**, and deliver high-quality code.
  - My hands-on experience in **front-end** and **back-end** development has equipped me with the essential tools to excel in the field of web development and contribute effectively to future projects
  - Engaged in regular **communication** with stakeholders to gather requirements, **provide updates**, and ensure alignment with project **objectives**.

## SKILLS

Node.js, HTML, CSS, JavaScript, Java, MySQL, Android

## PROJECTS

- Bidding Management System**
  - The primary purpose of our system is to make **bidding tasks easy** and to develop with an **automated bidding management system**.
  - This project **Bidding ManagementSystem** aims to develop software that covers all the aspects of bidding for the user.
  - Served as the primary purpose of the system, providing users with a seamless and **user-friendly experience** in managing bids.
- Fitness Website**
  - Developed a **RESTful** API for a fitness website, implementing all fundamental **CRUD** operations for categories, subcategories, and products.
  - Successfully integrated the API with the main dashboard, enabling users to **add, edit, and remove** fitness-related content seamlessly.
  - Installed and configured the **Node.js** runtime and **npm** package **manager**, ensuring smooth **execution** and dependency management for the project.
  - Utilized the **Node.js** tool for **Visual Studio**, a powerful and free resource, to enhance development **productivity** and code quality.
